

In **Autumn 2** the children will be exploring autumn and winter and the changes that happen to our natural environment such as falling leaves, ice, wind and rain.

We will go outside in all but the heaviest rain so make sure your child wears warm clothes for outside play. We do have waterproof coats and trousers but if your child has a pair of wellies at home it is a good idea to bring these every day or a spare pair of shoes in case they get wet feet.

Our core book will be The Bear Hunt.

Books to share at home

Stories at home

Reading stories together with your child is an excellent way to help their development. It helps them to learn new words, practice their speaking and develops their listening and attention skills. It also gives them new ideas and helps them develop their imaginations. Talk about what you can see in the pictures, what is happening or what might happen next.

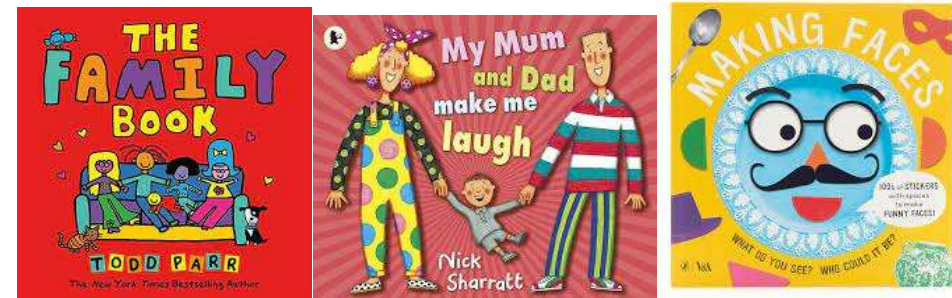

In **Autumn 1** the children will be settling into their new classrooms and getting to know the adults and children in Nursery. They will be learning about our body parts and exploring different ways we can move and use them. We will be talking about families and the people who are special to them, and the things they like and dislike.

Our main book will be *You Choose* and we will be sharing lots of familiar songs and rhymes.

Books to share at home

Here are some books we will be sharing in nursery this halfterm, you may wish to borrow them from the local library or add them to your collection at home.
